

BBDNITM team visited the "Benti Gram" adopted under SAGY

Date: 01/02/2016

**A report on the Interactive Visit of "BENTY" (adopted village under Samad Aharsh Gram
Yojna (SAGY) by Hon'ble Member Minister Shri Raj Nath Singh) made by a team of
Mechanical Engineering Department, BBDNITM Lucknow**

The BBD National Institute of Technology and Management Lucknow is a Model Center for the village adopted under Samad Aharsh Gram Yojna (SAGY) and associated with "Benti" Gram adopted by Shri Raj Nath Singh, Hon'ble Member of Parliament and State Minister, Government of India. The Institute plays a major role towards the responsibilities assigned by AICTE New Delhi. In this respect, **Dr. M. K. Tripathi**, Regional Officer, AICTE Northern Regional Office, Kanpur needs some data and provided a "Survey Questionnaire" related to "Benti". Therefore, a team of three students (Mr Pawan Kumar, Mr Mihirak Kumar and Mr Nisar Mohammad) and one faculty (Dr B. N. Yadav) of BBDNITM (Mechanical Engineering) have been visited the village on January 21, 2016.

Firstly, the team members were reached at the home of **Mr. Vikas Shukla**, Gram Pradhan, Benti and discussed the problems related to the villagers. The team visited the village with **Mr. Durga Shukla** (Chairman of Gram Panchayat) and seen the temples, schools, ponds, agricultural conditions, road mapping, housing system and other resources also. The team members also seen the sanitary and sanitary system made under the "Clean India" Scheme and also seen the bio-fertilizer. The team members were also discussed with villagers for their problems specially related to education, health and job creation and given their valuable suggestions. The team members suggested to villagers especially Gram Pradhan, **Mr. Vikas Shukla** to make Sanitary inside the houses instead of outside the home to Sanat.
