## **BBDNITM team visited the "Benti Gram" adopted under SAGY**

Dated: 01/02/2018

A report on the Interactive Visit of “**BENTI**” (adopted village under **Sansad Adarsh Gram Yojana** (SAGY) by Hon’ble Home Minister **Shri Raj Nath Singh**) made by a team of Mechanical Engineering Department, BBDNITM Lucknow

The BBD National Institute of Technology and Management Lucknow is a Nodal Center for the villages adopted under **Sansad Adarsh Gram Yojna** (SAGY) and associated with “**Benti**” **Gram** adopted by **Shri Raj Nath Singh**, Hon’ble Member of Parliament and Home Minister, Government of India. The Institute plays a major role towards the responsibilities assigned by AICTE New Delhi. In this respect, **Dr. M. K. Tiwari**, Regional Officer, AICTE Northern Regional Office, Kanpur needs some data and provided a “**Survey Questionnaire**” related to “**Benti**”. Therefore, a team of three students (Mr Pawan Kumar, Mr Mithlesh Kumar and Mr Noor Mohammad) and one faculty (Dr R. N. Yadav) of BBDNITM (Mechanical Engineering) have been visited the village on January 31, 2018.

Firstly, the team members were reached at the home of **Mr. Vikas Shahu**, Gram Pradh, Benti and discussed the problems related to the villagers. The team visited the village with **Mr. Durga Shahu** (Chacha of Gram Pradhan) and seen the temples, schools, ponds, agricultural conditions, road mapping, housing system and other resources also. The team members also seen the lavatory and sanitary system made under the “**Clean India**” Scheme and also met the beneficiaries. The team members were also discussed with villagers for their problems specially related to education, health and job creation and given their valuable suggestions. The team members suggested to villagers especially Gram Pradhan, **Mr. Vikas Shahu** to make **Lavatory** inside the homes instead of outside the home in future.

In their movement, the team members were met the group of “**Asha**” team members and discussed about the health related problems and their remedies. The members were shared knowledge in their expertise area for betterment of villagers related to the living standard, education and health. Further, the team members looked the **ATM** (Oriental Bank of Commerce) and told about operating system and safety precautions to the villagers. The team members also motivated the peoples toward banking system and their applicability in daily life.

The team members with **Mr. Durga Shahu** were also visited the Schools (Primary and Junior Sections) and met the students and faculties. The principal of Primary Section (**Miss. Jagriti Tripathi**) introduces the team with students. The team members were discussed with him and want to know the interest of students and tell him about technical education and how an engineer work for society. **Miss. Shalini** (Principals of Junior Section) told that students are highly motivated toward education, games and sports. Most of the students share their future objectives especially their choices related to job after education.

Such moment was very joyful and surprising for villagers and also for team members. Some of them asked about **BBD Institute** but some of them well known about the **BBD institute**
