**AN APPEAL TO SUPPORT GOVERNMENT INITIATIVES  
TO COMBAT COVID-19 PANDEMIC**

The COVID-19 has been declared as pandemic and its outbreak has caused disruption in everyone's life including that of educational institutions throughout the world. BBDU is no exception.

In order to fight with the COVID-19 and save the lives of the fellow citizens our country is under complete lockdown and several health advisories have been issued by the Central and State governments. The Government is taking all necessary steps with its comprehensive plan to overcome the extraordinary tough situation. Our Hon'ble Prime Minister has made several public appearances and made an appeal to maintain the Social-Distancing and follow the government orders.

As an ideal citizen, it is our duty to join hands and collectively fight against the novel COVID-19 by adhering to the government's orders and the appeals of the Hon'ble Prime Minister and the Hon'ble Chief Minister. We can make our holistic support to win this fight by observing complete Social-Distancing, Staying Indoors, maintaining personal hygiene and practicing frequent hand washing.

I am delighted to see our faculty members to keeping our students' academically engaged with online teaching and the use of e-resources through the period of lockdown. I record my appreciation for your noble effort for the cause of education.

I pray for your health, safety and a new beginning tomorrow.

We should remember that we BBDians are not a team because we work together but we are a team because we respect, trust, care for each other and always stand together in the time of crisis.

(Dr. A. K. Mittal)  
Vice Chancellor
