### **1. Brief Description:**

A virtual boot camp/Induction Program was held from 5/9/2020 to 11/9/2020 for the students of B. Tech CSE under the supervision of Dr. Diwakar Yagyasen (Professor and Head CSE), Ms. Hemlata Pant and organizers Mr. Zulfikar Ali Ansari, Mr. Shadab Siddique.

A 7-Day induction program or boot camp of sorts on virtual platforms aimed at familiarizing the participants with all aspects of IEEE, including technical, non-technical, professional, interviews, and WIE events. To make each event an outcome-based event, the students would be required to maintain an online journal and would be given a case study problem at the end of certain events that would require solutions. The idea is to inculcate a problem-solving behavior and learn to apply theories in practical life focusing on perception and improving listening skills, each important for comprehensively enhancing leadership qualities. Interviews, counselling sessions, and discussion with prominent IEEE graduate members, women in STEM, Head of IEEE Indian Council on IEEE's contribution, technical topics, membership queries, annual plans, platforms would be discussed. A membership drive would be held at the last day.
