COMPUTER SOCIETY WORKSHOP- EXPERT TALK ON INDUSTRY 4.0

Date: 06/10/2021

Organized By IEEE BBDITM STB in collaboration with the Department Of Computer Science, Department Of Information Technology and Department of Electrical Engineering, BBDITM, Lucknow

Dr. Sumit Soman
Senior Member, IEEE
Senior Data Scientist Global AI Accelerator, Ericsson

Event Link: <https://events.vtools.ieee.org/m/286700>

Topic – INDUSTRY 4.0

Venue: Zoom Meet

Duration – 1 hour (11:30 am-12:30 pm)

ABOUT THE EVENT : A one hour long virtual expert talk starting from 11:30a.m. on the topic Industry 4.0 was hosted by IEEE Computer Society BBDITM on 6th of October 2021 through Zoom platform. The speaker of the event was Dr. Sumit Soman, a senior member of IEEE, who is a senior data scientist global AI acceleration at Ericsson. In the session, Dr. Soman spoke about how Industry 4.0 is the way of the future. He threw light on the benefits of Industry 4.0 and what it might do for industries around the globe. Participants

were explained with an example of a food company, how smart technology could increase productivity and reduce waste, and also, companies which delay in upgrading their businesses to the new and upcoming industry models will run the risk of falling short of their competition that use faster, smarter technology to meet their customer's exact needs. He also suggested how the students from different departments of B-tech can make their career in Industry 4.0. Overall, the session was quite informative and interactive with more than 95 participants.
