### 8. Benefits in terms of Learning/ Skill/ Knowledge Obtained:-

Trading on the Forex is one of the alternatives available for entrepreneurs who are looking to make money for their businesses. Students got to know that Entrepreneurs don't have to rely on primary markets alone as online brokers support the secondary market. However, the risks of trading on the Forex don't diminish even with the availability of educational resource and market data. Entrepreneurs must learn a few things before getting into currency trading to avoid mistakes that lead to losses.

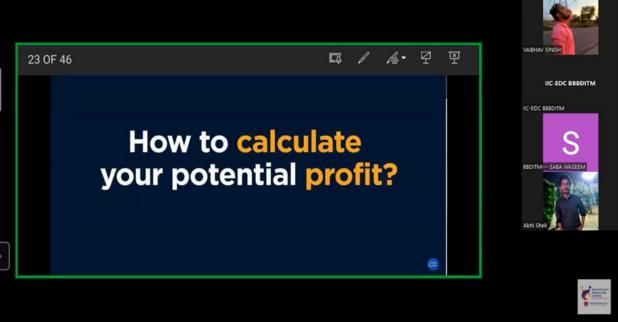

With the help of the lecture, they came to understand the trending forex strategies. Various innovations in the forex exchange industry have leveled the playing field for retail traders. From trading bots to sophisticated trading platforms to real-time analytical data, entrepreneurs now have advancements that simplify trading.

Traders must be able, however, to make the most of the available tools to create profits while trading currency. How do you open and close a trade on a mobile trading app? Which are the best bots for your automated trading? How can you benefit from a moving average indicator?

#### 11. Overall Event Summary: -

**BBDITM IIC (Institute Innovation Council)** organized an event with the collaboration of EDC to celebrate **"Entrepreneurship and Forex Trading Strategies"** on 26<sup>th</sup> **July 2022** from **11:00 AM** onwards. The speaker of the session was **Ms. Saba Waseem.** Saba Waseem is perusing MBA from BBDITM, Lucknow from the department of Management. She is a trader in Stock Exchange and having three years of experience in this field.

**Saba Waseem** talked about the Entrepreneurship and updated Forex Trading Strategies. She talked about her experience and her app. She explains about setting goal and we must define success. Many traders lose money due to lack of good strategies or poor employment. It may take a while before an entrepreneur can establish, test, and execute the most suitable method to trade.

The first part of a trading technique is set goals. How do you define success? Trading objectives vary depending on the capital put up and the time devoted to the practice. The platform an entrepreneur uses maters as well.
