10. **Objective of the event: -**

1. Main objective of this event is to know about the National Education Policy (NEP) 2020 which has introduced profound changes at every level of learning, including higher studies and secondary and primary schooling.
2. Another important objective is to understand the transformation of education sector of India by 2040.
3. To understand the concept of equitable access to high- quality education for all students.

11. **Benefits in terms of Learning/ Skill/ Knowledge Obtained: -**

NEP has the potential to revamp the skills of the youth of our country and has all the right tools that are needed to be competitive at the global level.

The main learning was to understand the fundamental principle of the policy like Recon Recognizing, Identifying, and Strengthening the unique capabilities of each student, Promoting each student's holistic development in both academic and non-academic spheres, Achieving Foundational Literacy and Numeracy in all students by Grade , Flexibility for learners to choose

their learning trajectories and programs, and thereby choose their paths as per their talents and interests. There will be No hard separations between arts and sciences, curricular and extracurricular activities, vocational and academic streams, among others to eliminate harmful hierarchies and silos in areas of learning. Multi-disciplinary and a holistic education across the sciences, social sciences, arts, humanities, and sports to ensure the unity and integrity of all knowledge

Life Skills such as communication, teamwork, cooperation, and resilience will be the priority.NEP focus on Regular Formative Assessment for learning instead of summative assessment. Full Equity and Inclusion as the basis of all educational decisions should be followed and another important focus will be on Encouraging innovation and out-of-the-box ideas through Autonomy, Good Governance and Empowerment.

14. Overall Event Summary:-

BBDITM organized an event with the collaboration of **BBDITM IIC (Institute Innovation Council)** and EDC on New Education Policy 2020 on 25th June 2022. The speaker of the session was **DR. A. K. Khare and Mr. K.P Singh**.

DR. A. K. Khare is a former Pro-vice chancellor of AKTU, Lucknow. He shared his knowledge on the topic NEP 2020: Reforms in Curriculum & Pedagogy. Dr Khare shared with all the faculty that NEP 2020 is based on the principle that education must not be restricted to development of cognitive skills i.e., 'fundamental skills' of literacy and numeracy and 'higher-order' cognitive skills such as critical thinking and problem solving. Instead, the education system must focus on development of 'soft skills' of a child, i.e. social and emotional skills including cultural awareness and empathy, perseverance, teamwork, leadership and communication. He also explains all the pillars of NEP 2020 i.e access, equity, quality, affordability, and accountability and talked about all the reforms in education system.

After Dr. Khare, **Mr K.P Singh** talked about **NEP 2020: Impact on MSME. Mr K.P. Singh is president of Laghu Udyog Bharati, Greater Noida**. He Explained National Education Policy 2020 envisions an India-centric education system that provides high-quality education to all, thereby transforming India sustainable into an equitable and vibrant knowledge society in the world. The central and state governments should substantially increase the spending on education to attain the goals with excellence and the corresponding multitude of socio-economic benefits.

The event was conducted under the guidance of Dr S S Chauhan, Director of the institute, Dr Preeti Mishra, Convener, started the Program along with all IIC, EDC members. All the faculties of the institute participated in this event.
